Dear Mr. Gosney:

Word has recently reached this office that your son has been reported missing after operations overseas on January 1st, and we are sincerely hoping that some good news of his safe landing will be forthcoming very soon.

I have had the privilege of ministering to many of our boys, both overseas and in Canada, and know what splendid work they are doing. We are very proud of them.

Please be assured that we are thinking of you, and may God give you all courage and strength to carry on during these anxious days.

Yours very sincerely,

(J. McNab)
